Rebuked us the other day for selling him clothes that last, as he says, too long. This opinion you will find to be the usual verdict passed upon our goods by people who have worn them. When you consider that with low price and late style you get such meritorious goods we wonder that you even ask yourself the question: "Where shall I buy my winter outfit?" The completeness of our winter stock enables us fit all shapes of men in serviceable Clothing and Underwear without the necessity of numerous and dangerous alterations. Whether it be Suit, Overcoat, Pants, Hat, Underwear, Shirts, Collars, Cuffs, Neckwear or anything who knew him. He was a good engineer and true friend. He was not married and quarters at once.

Worth, added to this we are showing a new and complete line of Novelties in Westens for Suits, Overcouts and Trousers, and we pause to hear your reply to our question: "Do you not owe it to yourself to come to us when you want a first-class Suit or Overcoat made to order?" When pass-
